The above information is provided to this facility for nutritional information. The information being sought is of a nutritional nature and NOT a medical diagnosis, prescription, treatment, disease prevention or health assessment. I understand: According to the Federal Food, Drug and Cosmetic Act, as amended, Section 201(g)(1), the term "Drug" is defined to mean: Articles intended for the use in the DIAGNOSIS, CURE, MITIGATION, TREATMENT, or PREVENTION of disease. In other words, to "say" that a vitamin, mineral, herb, trace element or amino acid will have any effect on disease or symptoms thereof, that particular nutrient then becomes a DRUG under the law as written. Therefore, any suggested nutrition or supplementation is not intended as primary therapy for any disease or symptom, but is provided solely to upgrade the quality of foods delivered through the diet. WARNING: You may wish to consult your physician before beginning a diet or making changes in your diet, nutritional supplementation or exercise program, especially if you have a medical condition, are taking any medications, or are pregnant or nursing. If you are currently taking prescriptive medication, you must discuss any changes with your physician before discontinuing or altering your dosage.

I understand and agree to the above statement and I also agree that the information I've provided is true and accurate:

## Disclosure, Liability and Consent Form

Welcome to my practice, OC Total Wellness. As you know, I (Diane Wendell) am a practitioner of nutrition. I am not a licensed physician, nor are nutrition services licensed by the state. The idea behind nutrition is that:

The nutrients found in foods, and when necessary, via supplementation, can be supportive of health, enhancing quality of life and well-being.

As a practitioner of nutrition, I will provide you with the following kinds of services:

- Diet and nutrition evaluation
- Individualized dietary and supplementation guidance appropriate to your lifestyle and environment
- Education and research on your health concerns
- Non-diagnostic lab tests to determine appropriate diet
- Health support complementary to that provided by licensed professionals

My training and education includes:

- Clinical Nutritionist and Traditional Naturopath from the College of Natural Health
- Applied Clinical Nutrition and Advancement in Clinical Nutrition from the International Academy of Integrated Medicine
- Microscopy for Biological Transmutation from Life Science Fellowship Study
- Certified First Line Therapist and Therapeutic Lifestyle Counselor (TLC) Center of Excellence for Chronic Disease

In order to use my services, California state law requires that you acknowledge receipt of the information provided in this form and that you sign it. You will receive a copy and I will keep the original documents in my records for at least three years. All information is confidential.

My services in nutrition are alternative or complementary to healing arts that are licensed by the State of California under Sections 2053.5 and 2053.6 of California's Business and Professions Code.

I understand that OC Total Wellness is a nutritional counseling service that is not intended or licensed to diagnose, treat or cure any diseases, prevent, diagnose, alleviate or treat any medical conditions, disease, physical or mental ailments or pain or infirmities. Furthermore, I understand that OC Total Wellness will not give medical advice, nor perform any invasive procedures. The treatment you will be receiving is alternative or complimentary to the healing art services that are licensed by the state of California.

If you ever have any concerns about the nature of my services or our work together, please contact me right away. I recommend that you inform your medical doctor that you are receiving nutrition services.

### Waiver and Release for Nutrition Counseling

OC Total Wellness and its representatives do not diagnose disease. You should consult a Physician before undergoing any dietary or food supplement changes. Any recommendations you follow for changes in diet, including but not limited to the use of food supplements are entirely your responsibility.

In consideration of my participation in nutrition counseling and consumption of any nutritional supplements, I hereby accept all risk to my health and of my injury or death that may result from such participation and I hereby release OC Total Wellness, its employees and representatives from any liability to me, my personal representatives, estate, heirs, next of kin, and assigns for any and all claims and causes of action for loss of or damage to my property and for any and all illness or injury to my person, including my death, that may result from or occur during my participation in nutrition counseling, whether caused by negligence of OC Total Wellness, its employees, or representatives, or otherwise. I further agree to indemnify and hold harmless the Institution and its employees, and representatives from liability for the injury or death of any person(s) and damage to property that may result from my negligent or intentional act or omission while participating in the described nutrition counseling session.

### Acknowledgement and Consent to Receive Services

I have carefully read and understand the above disclosure about the nutrition services offered by Diane Wendell/OC Total Wellness and her training and education. I have discussed the nature of the services to be provided. I understand that Diane Wendell is not a licensed physician and that nutrition services are not licensed by the state. I understand that it is my responsibility to maintain a relationship for myself/my child with a medical doctor of licensed health provider. I have consent to use the services offered by Diane Wendell/OC Total Wellness and agree to be personally responsible for the fee in connection with the services provided to me. I will provide 24-hour notice if an appointment must be missed or will pay for the missed session. I am here as an individual on my own behalf.

## Consent for Live Blood Demonstration

The Live Blood Demonstration in which you are about to participate is designed to help educate you about the way in which your diet, exercise, and life style affect your health. Many people are told to “eat right and exercise”. This demonstration is intended to help motivate you to make those changes, because you actually see what may be happening in your body on a cellular level.

Here’s how the demonstration works: A qualified technician will take a one-drop sample of blood, generally from the fingertip, then placed under a microscope, a magnified image of this blood will be shown to you on a video monitor.

### PLEASE READ CAREFULLY

I understand that the Live Blood Demonstration will provide me with a graphic illustration of my live blood cell condition. I understand that this Demonstration is not a medical test, nor any medical diagnostic information to be derived or implied by this demonstration. I understand that my lifestyle, eating habits, nutritional balance, and mental state may affect what I see and therefore, I may get varying results if I repeat the tests over various periods of time.

I authorize the microscopist to use a lancet to obtain the drop of blood for the demonstration, using OSHA approved guidelines. I agree to hold harmless OC Total Wellness the nutritional counselor and the independent microscopist permission to include results of this demonstration in any statistical or research study. Any suggested nutrition is not intended as primary therapy for any disease or symptom, but rather is intended as an added schedule of enzymes and nutrients provided solely to upgrade the quality of foods delivered through the diet.
